

## Pet Acupressure – Canine, Feline and Equine Therapy DVDs

The Equine and Canine Landmark Anatomy & Acupoint Energetics DVDs break new ground in the field of pet acupressure, and acupuncture. These two DVDs and their companion manuals provide an exceptional tool for the veterinary professional, bodyworkers and students of acupressure and acupuncture.

By going to extensive detail regarding meridians and acupoints, viewers have a valuable resource that has not existed until now.

The Equine and Canine DVDs:

- Identify Significant Anatomical Landmarks
- Discuss How to Locate Acupoints
- Demonstrate the Flow of the 12 Major Meridians, Governing & Conception Vessels
- Describe the Function, Location, and Energetics of All the Acupoints in the Major Acupoint Classifications and Key Acupoints.

Equine Acupressure: A Working Manual

A step-by-step guide to performing Equine Acupressure with lots of charts, photographs, and illustrations. People wanting to enhance their horse's performance, health, and wellbeing are recognizing the benefits of equine acupressure. Tens of thousands of copies have sold to the \$22 billion horse community.

Introducing Equine Acupressure: A 50 minute Training Video

Nancy Zidonis and Marie Soderberg, the pioneers in the field of Equine Acupressure, demonstrate a complete acupressure session plus specific powerful acupressure points for arthritis, lameness, hindquarter strengthening, mental focus for training, and other equine physical and emotional issues. This video was especially designed for people who want to provide optimal health for their horses.

The Well-Connected Dog: A Guide to Canine Acupressure

Dog owners, trainers, healthcare providers can use this easy-to-follow manual to learn canine acupressure. It covers the basics of Traditional Chinese Medicine, how to do a complete acupressure session, charts with all the major meridians, and specific condition treatments for common canine issues.

Acu-Cat: A Guide to Feline Acupressure

Cats are the most popular companion animal in the world. This user-friendly manual is filled with photographs, charts, and illustrations to help people learn feline acupressure. The book includes: the treatment protocol, meridian charts for cats, and over 30 specific feline condition treatments.

The Sound Hoof: Horse Health from the Ground Up

Hoof care is critical to every horse owner. The Sound Hoof demystifies what every owner, trainer, and equine healthcare provider wants to know about current trimming and shoeing practices so that they can make informed decisions for their horses. Lancaster takes a pragmatic approach toward the emerging field of holistic hoof care, a subject that is being heatedly discussed in the equine community by documenting the latest science available regarding a balanced, healthy hoof and horse.

Presenter, Turie Norman, DVM is a practicing holistic veterinarian in Colorado. She studied with Dr. Huisheng Xie, DVM the only Veterinary Traditional Chinese Medicine Doctor trained in China and teaching acupuncture in the United States. Dr. Norman is a Certified Veterinary Acupuncturist and Herbalist. Additionally, she is the Technical Editor for the Training Manuals accompanying these DVDs. Nancy Zidonis and Amy Snow, founders of Tallgrass Animal Acupressure Institute, developed the Equine and Canine Landmark Anatomy & Acupoint Energetics program which includes: an Online Training Program, a Course Manual, and DVD. They have co-authored three animal acupressure books and numerous articles in national and international publications.
